

ACREAGE REPORTING DATE CHECKLIST

CUSTOMER NAME _____

POLICY NUMBER _____

- Are **all** planted, prevented planting and uninsurable acres reported?
- Are all planting dates reported? Are timely planted acres reported separately from late planted acres?
- Have the acres for the following plans of insurance been reported by field location (i.e. Common Land Unit (CLU))?
 - Yield Protection
 - Revenue Protection
 - Revenue Protection with Harvest Price Exclusion
 - Area Yield Protection
 - Area Revenue Protection
 - Area Revenue Protection with Harvest Price Exclusion
- Are the crop contract(s) with zero acres reported as such, by placing an "X" in the Zero Acres box?
- Is the entire policy zero acres? If so, a signed 'zero' acreage report is still required.
- Is there any new land that should be added to the policy? If so, has the Added Land been clearly identified as such? Have total cropland acres for each county been reported? If total cropland acres added within a county are less than 2,000 acres, the added land will receive the higher of the variable T-yield or the Simple Average T-yield. If total cropland acres added within the county is equal to or greater than 2,000 acres, the added land will receive the variable T-yield.
- Has any "new breaking" acreage been reported by Common Land Unit? If appropriate, has a New Breaking Insurability request been completed and submitted?
- Are there any units that you are no longer farming that should be deleted from this policy?
- Are all persons with a Substantial Beneficial Interest (having at least a 10% interest in the named insured) listed on the policy?
- Are all Social Security Numbers and/or Employer Identification Numbers for the policy listed correctly?
- Have any share arrangements changed from previous years?
- Have the names of any shareholders for the crop contract(s) changed?
- Is the complete name (first and last or business) of shareholders provided?
- Are all legal descriptions (Sec/Twp/Rng and FSN/Tract/Field) accurate?
- Have acres classified as high-risk land or unclassified been identified correctly? Has the proper map-area been identified on the high risk land?
- If Enterprise Units were selected by Sales Closing, have the acres been reported by legal description (section or FSN)? If Enterprise Units by Practice was selected, have acres been reported for each practice?
- Is a unit division option (UDO) necessary? If a UDO exists, are there changes to the policy that require a new UDO to be submitted? (For example, Added Land or unit structure changes?)
- Does a written agreement exist for a crop contract/unit/acres?
- If you are growing a specialty type (i.e. Corn, Soybeans, Malt Barley, etc) under contract, have you included a copy of your current contract?
- Do all planted acres reported on the acreage report equal the total planted acres in the insured's planting records?
- Have the forms been signed and dated?**
